

SITE PLAN 1:1250

Christmas Market

Food Market

Live Events

Art Exhibition

ADAPTABLE EVENT SPACE

## GROUP 17 // EBB+FLOW

Interchangeable space; the core of our regeneration within Gorton. The fluidity and flexibility within our design allows the natural ebb and flow of commercialism to continually fill our spaces. Our spilling of Gorton market into a larger area brings new activity to the area, creating a vibrant, interesting and communal space. The space will contain green areas and paved areas allowing for adaptability within different events and suppliers to the market. This new communal hub not only brings activity to the area but also draws different crowds to the area, some of which may only just be discovering Gorton.
