

Group 26 // Harpurhay Exchange

Harpurhey Exchange is an urban regeneration scheme that aims to attract more visitors to the high street. By rearranging and renovating the shop stalls and market canopy, it intends to improve the experience of place and reference the local character by taking inspiration from the nearby historic baths. The proposal involves creating new experiences by offering a variety of activities, such as new events, cafés, seating areas and parks. It revives the community hub and is a catalyst to further enhancements of the area.

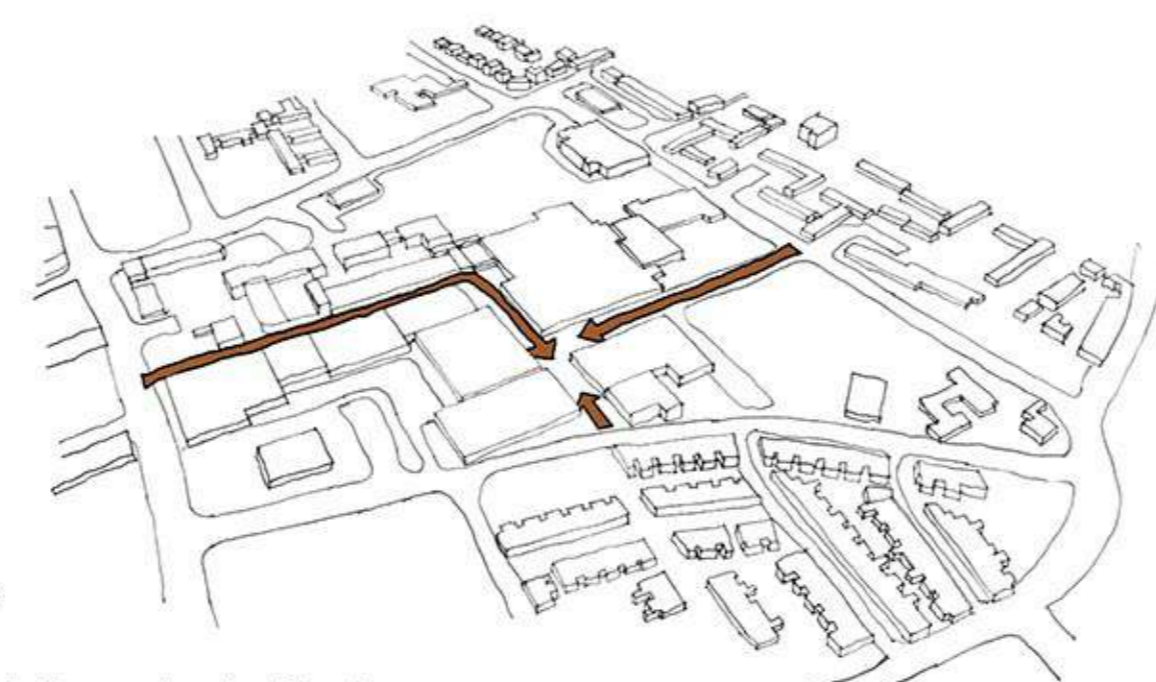

Public Amenity

Local amenities will be brought together in the main 'HUB' of the high street to make all services accessible

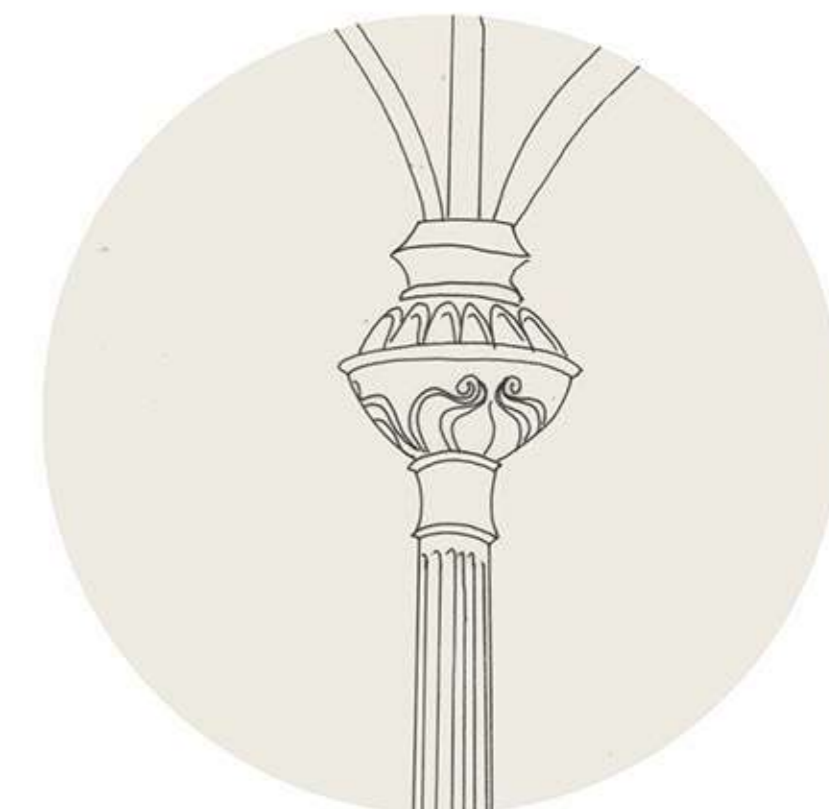

Routes

Different routes will be combined with the new high street.

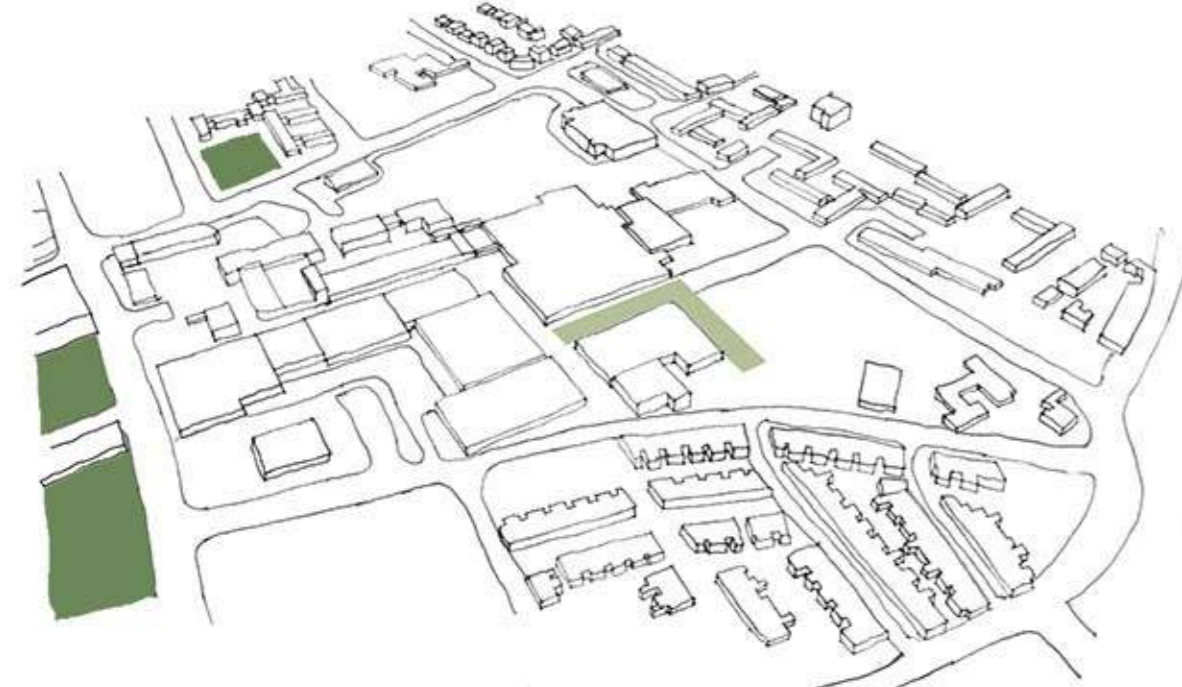

Architectural Details

A key aspect of our proposal incorporates architectural details such as Columns, Stained Glass and Lighting inspired by the abandoned Harpurhay Baths.

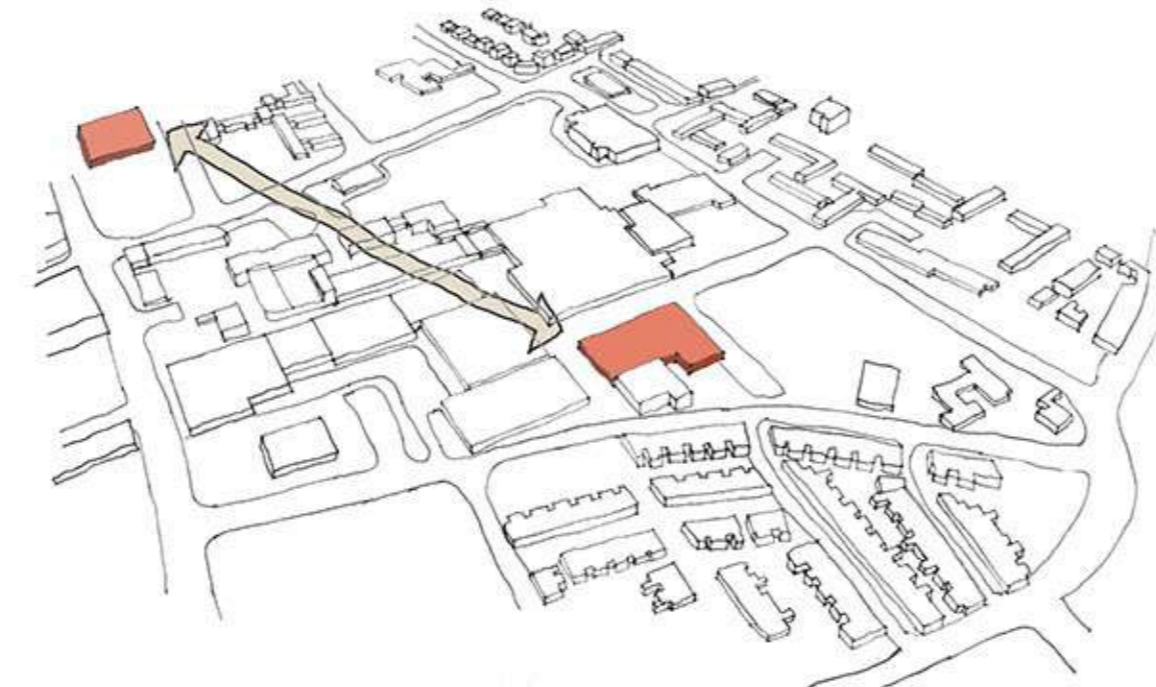

Green Space

Green Space takes priority to ubiquitous parking to produce a more desirable atmosphere.

Historical Baths

Historical elements are incorporated into the new proposal to encourage continuity and cultural relevance.

External Landscaping Proposal
