

PgCert Architecture and Contemporary Practice: Part 3

APPLICATION GUIDELINES

**MANCHESTER SCHOOL
OF ARCHITECTURE**

Thank you for choosing Manchester School of Architecture. We look forward to reviewing your application.

Before accessing the MMU application portal, we have some advice to help your application be processed as efficiently as possible.

1. Please make sure you select the correct start date and programme duration. You can select either the **September start (9-month)** programme or the **January start (12-month)** programme.
2. To meet the entry criteria for this programme, **you need to be on track to accruing 24-months PPE** (Professional Practical Experience). 12 of the 24 months should be undertaken in the UK or a relevant EU territory and be post Part 2.

ARB practical training requirements:

'... recently completed a minimum of 24 months' practical experience under the direct supervision of a professional working in the construction industry which should include at least 12 months working in a Relevant European Territory, under the direct supervision of an architect.'

In the **Personal Statement** field of the application form, **please include a statement** to confirm that you will be able to demonstrate your 24 months PPE in accordance with ARB requirements, by the time you reach the final assessment.

Final assessment: Professional Interviews are held early June for Sept-start, and mid Dec for Jan-start.

3. Although it is not a requirement for you to do Parts 1, 2 and 3 in any sequential order – if you wish to practice architecture in the UK (using the title 'Architect'), it is a legal requirement that you are listed on the register of architects which is upheld by the ARB.
